**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I love Sonic, a northern California provider. I receive my internet and phone service from Sonic. The service is great! I had constant problems with AT&T. They had become rapacious and tried forcing me into something expensive called "U-verse". AT&T stopped all my service, and shut down my email. I never recouped my email. AT&T tried to tell me I had not paid my bill--no such thing. It happened to many of my friends.

I switched from DSL to fiber. I have fiber today and Sonic made that possible. Without alternative providers, I would not have good service nor reasonable prices.

Don't cut off competition. It is unnecessary and it makes the FCC look like political hacks.
